Parking

Parking at the Rheinpark Stadion is limited - priority is given to staff, emergency services, the visiting club, broadcasters and season parking permit holders. The following options are available to media professionals:

Stadium Car Park

Media professionals who are at the Rheinpark Stadion regularly can request a season parking permit for the stadium car park at ticketing@fcvaduz.li!

For all other media professionals, the “first come, first served” principle applies. Once the car park is full on matchday, you will be directed to the other car parks at the entrance.

Accreditation Pick-Up Point

- You can collect your accreditation on matchday at the Rheinpark Stadion ticket office, at the “Reserved Tickets” counter. Valid photo ID is required to verify your identity.
- The counter opens 90 minutes before kick-off and remains open continuously until 30 minutes after kick-off. Accreditations cannot be handed out outside these times.

Accreditation Requests

Since the 2023/24 season, the clubs of the Swiss Football League (SFL) and the Swiss Football Association (SFV) have processed media accreditation requests for their matches via a joint, central online system. The «SFL Accred» system replaces previous direct requests to home clubs or the SFV and ensures consistent, more professional processes. All information for media professionals at: **https://sfl.ch/de/akkreditierungen**

Photographers

- You have been assigned a numbered photographer bib in advance. It will be handed out together with your accreditation. **After the match, the bib must be returned to the designated return box in the media room. It may not be taken away.**
- Immediately after the coin toss at the latest, you must take up a position of your choice behind the advertising boards in one of the photo areas. Changing position via the team bench side is only possible during half-time. Under no circumstances may the visibility of the advertising boards around the pitch be obstructed or the work of the TV camera crews be hindered. The following principle applies: No bib, no access to the pitch or the photographer zones.
- The «Photo» accreditation exclusively permits the taking of match pictures as individual still images. It does not entitle the holder to create match footage in the form of video-like photo sequences or videos, nor to exploit it editorially or commercially or publish it in any other way.

If these rules are not observed, FC Vaduz reserves the right to remove media professionals from the match and to reject future accreditation requests. For further information, please refer to the Swiss Football League regulations:
